

# ITC Colour Chart

January 2002, © ITC Enschede.

INTERNATIONAL INSTITUTE FOR GEO-INFORMATION SCIENCE AND EARTH OBSERVATION (ITC)

ITC  
P.O. BOX 6  
7500 AA Enschede  
The Netherlands

screens: 133 lines/inch  
chart colours: Cyan, Magenta, Yellow  
code numbers: 0=0% 1=10% 2=20% 3=35% 4=50% 5=70% 6=100%

The code numbers have a strict sequence,  
eg. 325 indicates a combination of:  
35% Cyan with 20% Magenta and 70% Yellow.

For correct use for offset printed maps, this chart must be reproduced using exactly the same printing process as the actual map. The colour chart is available in digital form or as separations on film.  
For more information contact Mr. W. Feringa at E-mail address [feringa@itc.nl](mailto:feringa@itc.nl) or by post.
